INFORMATION SECURITY MANAGEMENT SYSTEM (ISMS) POLICY

Sheetal Wireless Technologies Pvt. Ltd. is committed to protecting its information, assets and processing systems from internal and external, deliberate and accidental security risks. We are committed to ensure confidentiality, integrity and availability of reliable information by setting clear information security objectives; prevention of information compromise and business damage. We are committed to continual improvement of the information security management system. This commitment extends across all stages of secure project development, implementation and support. We shall ensure strict compliance with all legal, regulatory and contractual rules while constantly improving our overall information security systems.
